Please provide your comments on the proposed project in the space provided below:

I own the 14,000 Acres of Silver Mountain Preserve Due West of Walsenburg, and lies along Hwy 160 (North side) for about 14 miles. We are under contract with RES to build a wind farm utilizing all our land west of Co. Rd. 520. (approx -150-200 MW) A future mission line would be a lot better from our N.E. corner, also a Sub station or "gathering center", due North along Co. Rd. 520 to your Big line near the Garner Hwy. -- RES would probably pay (cost)

### I-048-001: Project Alternatives (In Review)

Your email/letter/comment from has been received and your comment noted. A range of reasonable project alternatives and mitigation measures including the no action alternative will be addressed in the Environmental Impact Statement.

The Environmental Impact Statement is anticipated to be completed in late 2010 and will be available at <http://www.usda.gov/rus/water/ees/ea.htm>.
